FEB 25 1948

Thank you for your letter of 19 February giving me your general background and an indication as to the type of assignment you would prefer.

I am glad to be able to tell you that your assignment here will enable you to utilize your special training and coordinating experience to a major degree. You will be located in Washington, but for obvious reasons I cannot state what your specific assignment will be. However, I'm sure you will find it most interesting.

I do not know of any individuals leaving but I will pass on to our Personnel Relations people your desires for a place to live. If they should be able to assist you, they will contact you directly. We have experienced a great deal of difficulty, however, in finding appropriate housing for prospective members of CIA, so I won't offer any real encouragement from that direction.

We will be glad to have you with us and will be looking forward to your arrival, which I understand will be around 1 June.

Sincerely,

*W/RHN + disp to A4M*
